Notes on GER-Core, GER-PE and UE:

GER-Core courses are segmented into 5 areas including Communication, Singapore Studies, Ethics, Environmental Sustainability and Entrepreneurship and Innovation. These courses are compulsory for all students.

GER-PEs are classified under 3 sub-areas of interest: Business & Management (BM), Liberal Arts (LA), and Science, Technology & Society (STS). These courses are offered to students from all programmes.

According to the SSM Curriculum structure, students are expected to fulfill a specified number of AU per area in the entire course of their study. Refer to Annex 1 for the SSM
curriculum structure and recommended AU progression. To view the selection of GER-PEs offered for the semester, click here.
UE refers to any other courses offered at the School and University level but do not count as Core or GER-PE. You can select any UE offered by any School in NTU, not just UEs offered within SSM. To view the selection of UEs offered for the semester, click here.

UEs can be used to fulfill the requirements of a minor programme offered by other Schools in the University. For more details on undertaking a minor:
