SPORT SCIENCE & MANAGEMENT (SSM)
REGISTRATION INSTRUCTIONS
Semester 2 2019-2020
(Third Year Students)

1. REGISTRATION OF COURSES

It is the responsibility of students to follow the registration procedure and to complete the required Academic Units (AU) for the semester.

The standard academic load for third year SSM students in Semester Two is 19 AU.

Students can register for courses through STARS from 9:30 a.m. – 12:30 p.m. on 17 December 2019 (Tuesday).

Note: Please do NOT assume that your registration schedule is the same as your peers admitted in the same year. Students who have passed more courses could be promoted earlier while those who lag behind could be in a lower registration study year.

Students are automatically allowed to overload up to 22 AU in Semester Two via the registration system, STARS. Overloading of courses through STARS starts from 5:00 p.m. – 10:00 p.m. on 17 December 2019 (Tuesday).

1.1 SSM Major Prescribed Electives

All third year SSM students must decide to either specialise in Sport Science or Sport Management and are required to fulfill at least 6 courses from their chosen specialisation through third and fourth year.

The following SSM Major Prescribed Electives are offered in Semester Two:

Sport Science Specialisation

- SS3112 Exercise Prescription (3 AU)
- SS3114 Physical Activity and Health (3 AU)
- SS3115 Sport Nutrition (3 AU)
- SS3212 Analytical Biomechanics (3 AU)
- SS3312 Sport Psychology in Theory, Practice and Research (3 AU)
- SS3313 Sport Coaching: Theory to Practice (3 AU)
Sport Management Specialisation

• SS3615 Finance and Business in Sport (3 AU)
• SS3616 Leisure and Recreation Management (3 AU)
• SS3618 Sport Retail Management (3 AU)

Students are only allowed to register for courses within their intended specialisation. Requests to read courses from another specialisation as UE will not be approved.

Students who have not cleared their core courses (failed/missed the examinations/on exchange) for first and second year Semester Two are expected to re-register for the courses through STARS.

1.2. GER-Core

Students are required to read the following courses as fulfillment of the GER-Core segment of the programme:

• ET0001 Enterprise and Innovation (1 AU)* with allotted index number 69400.

This course is compulsory and students must register for it through STARS.

* Online self-paced course

1.3 SSM Major PE/ GER-PE/ UE

Students may register for additional courses of their choice (subject to course vacancies), either selecting an SSM Major PE i.e. SS9XXX sport elective or any GER-PE or UE offered by any school in NTU.

To view the entire selection of SSM Major PEs, GER-PEs and UEs offered for the semester, click here.

a) Registering for SSM Major PEs

You are allowed to register for SSM Major PE i.e. SS9XXX sport electives through STARS, only if you intend to take the courses as (P)rescribed. If you wish to take the courses as UEs, please place them on waitlist instead.

b) Placing GER-PEs & UEs on Waitlist

You may place 5 choices of GER-PE and UE each on waitlist. You can access STARS from 5:00 p.m. – 10:00 p.m. on 17 December 2019 (Tuesday) till 20 December 2019 (Friday) if you wish to add/amend/your choices of GER-PE and/or UE that you have placed on waitlist.

In order to increase your success rate in the allocation of GER-PE and/or UE courses, you are advised to:

• consider GER-PEs/UEs with few students on waitlist
• place at least 3 choices on waitlist for each category. STARS will prompt you if you were to place less than 3 choices.
c) Acknowledgement of Offer of GERPE/UE courses

The allocation results will be released on **10 January 2020 (Friday), 2:00 p.m.**

The allocated GERPE/UE will be registered for you. If you do not wish to read the courses, you must de-register the courses during the Add/Drop period commencing **daily from 10:00 a.m. to 10:00 p.m. from 13 January 2020 (Monday) to 26 January 2020 (Sunday).** Otherwise, you will be deemed to have taken the course and will be graded at the end of the semester.

**Notes on GER-Core, GER-PE and UE:**

GER-Core courses are segmented into 6 areas including Digital Literacy, Communication, Singapore Studies, Ethics, Environmental Sustainability and Entrepreneurship and Innovation. These courses are compulsory for all students.

GER-PEs are classified under 3 sub-areas of interest: Business & Management (BM), Liberal Arts (LA), and Science, Technology & Society (STS). These courses are offered to students from all programmes.

According to the SSM Curriculum structure, students are expected to fulfill a specified number of AU per area in the entire course of their study. Refer to **Annex 1** for the SSM curriculum structure and recommended AU progression. To view the selection of GER-PEs offered for the semester, click [here](#).

UE refers to any other courses offered at the School and University level but do not count as Core or GER-PE. You can select any UE offered by any School in NTU, not just UEs offered within SSM. To view the selection of UEs offered for the semester, click [here](#).

UEs can be used to fulfill the requirements of a minor programme offered by other Schools in the University. For more details on undertaking a minor:

[http://www.ntu.edu.sg/collegesandprogrammes/Pages/MinorProgramme.aspx](http://www.ntu.edu.sg/collegesandprogrammes/Pages/MinorProgramme.aspx)

2. **COURSE RECLASSIFICATION POLICY**

Students are only allowed to change course classifications for courses registered in the current semester during the Add/Drop period through STARS and this is limited only to GER-PE and UEs. Requests to reclassify courses after the Add/Drop period or for graded courses completed in previous semesters are considered appeals and will be strictly considered on a case-by-case basis.

Requests to reclassify SSM sport electives from PE to UE will not be allowed. Requests to transfer a (P)rescribed sport elective to another student to be taken as UE will also not be entertained.

3. **COURSE COORDINATORS**

If students have any queries pertaining to the SSM academic programme, they may contact the course coordinators at [ssm@ntu.edu.sg](mailto:ssm@ntu.edu.sg)
